## **London WNBR needs stewards**

The volunteer organisers need riders, and helpers, on Saturday 11 June to also double up as Stewards at the assembly area and start in Hyde Park. The STEWARDS can be anyone who is willing, organised, positive and with a pleasant but firm public persona. The organisers say

"It will be fun and you will get to know people a lot easier. From 3.00pm stewards can be naked with the rest of us, in fact preferably so. The public is always more comfortable with those with whom it identifies. What needs to be done? Well the key responsibilities are:

- to get everyone as close together as possible especially at the 3:30pm start;
- to re-gather people straying from the path;
- to direct people to specific areas (e.g. bodypainting); and
- to keep people's clothes on until the 3:00pm thresh-hold, when the lot can come off.

So you know why you need to be firm. You have a chance to play an important part in making London's greatest annual public campaign happen - and you still get to go on the ride as normal!"

If you are interested in helping the London WNBR organisers you can offer via email to [wnbrlondon@ntlworld.com](mailto:wnbrlondon@ntlworld.com)

Details of the 7-mile central London route will be published nearer the date. Please note that no WNBR official 'after-event' is being planned. If NAG people bring a picnic we could then move (clothed) into Hyde Park after the ride finishes?

London WNBR is one of eight UK rides this year, and a very much larger number of rides world-wide. To find details of a ride nearer to you go to [worldnakedbikeride.org/uk](http://worldnakedbikeride.org/uk)
